Christ Church Student Ministry Staff Covenant

We will uphold the larger mission of connecting people to Jesus Christ.

We understand the Director of Student Ministry is the leader of the Student Ministry staff and is in a supervisory role concerning all staff members.

We will keep communication lines between staff members open and positive. We will not use e-mail to communicate negative feelings and will use Matthew 18: 15-17 as our guide to process.

We will express constructive criticism or negative feelings within the staff directly to the staff person with whom we are concerned, not to others (even within the staff). Unresolved inter-personal matters will go to the Director of Student Ministry. Items still unresolved will go to the Director of Ministries.

We will direct a congregational complainer to the staff person about whom she/he is complaining and will not enter into negative conversation about another staff member. If that person will not address the matter with the staff person directly, the matter is considered closed unless the complaint is of a nature that it should go directly to the Director of Student Ministry to protect the health and mission of the church.

We will maintain confidentiality in staff conversations and meetings.

We covenant to be lifetime learners and will make a priority of spiritual, vocational and personal growth.

We covenant that in public we will always present ourselves as a united front.
